Eye	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention if pain, blinking or redness persist.
Ingestion	Rinse mouth with water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention immediately.
Most important symptoms/effects, acute and delayed	See Section 11 for more detailed information on health effects and symptoms.

SECTION 05: FIRE-FIGHTING MEASURES

Suitable extinguishing media	Dry chemical, carbon dioxide or foam.
Unsuitable extinguishing media	Water spray may be ineffective as an extinguishing agent, but water should be used to keep fire-exposed containers cool.
Specific hazards arising from the chemical	Handle as a flammable liquid. Vapors are heavier than air and may travel along the ground and moved by ventilation.
Special protective equipment and precautions for firefighters	Wear full protective equipment including a self-contained breathing apparatus.

SECTION 06: ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Use personal protective equipment. Ensure adequate ventilation. Remove all sources of ignition.

Methods and materials for containment and cleaning up

Absorb spill using an absorbent, non-combustible material such as earth, sand, or vermiculite. Do not use combustible materials such as sawdust. Water spray may reduce vapor but may not prevent ignition in closed spaces.

SECTION 07: HANDLING AND STORAGE

Precautions for safe handling	Wash thoroughly after handling. Avoid contact with eyes, skin, and clothing. Keep container tightly closed. Keep away from heat, sparks and flame.
Conditions for safe storage	Keep away from sources of ignition. Store in a cool, dry, well-ventilated area.

SECTION 08: EXPOSURE CONTROLS/PERSONAL PROTECTION

Occupational exposure limits Overall Product: None established.
