

TECHNICAL DATA SHEET

RUST OFF

Prod # 7550

Description: Rust Off is used for removing deposits of heavy rust and corrosion, and slightly etches the surface for improved paint adhesion.

Use: Rust Off is used on equipment, machinery, etc.

Directions: Remove excess flaky rust, dirt, grime, etc. from articles to be cleaned. Spray, swab or brush Rust Off on the surface and allow it to react for 5 to 20 minutes, depending on the surface to be cleaned. Repeat application if necessary.

For light coatings of rust, or for dip tank applications, (DIP TANK MUST BE PLASTIC OR PLASTIC LINED), dilute Rust Off with up to three parts of water to one part of Rust Off.

Note: Contains acidic rust removers

Avoid contact with skin, eyes and clothing. In case of contact with skin or eyes, flush with water.

If taken internally, give three to four glasses of milk or water.

Do not induce vomiting – Obtain medical aid.

Shipping: Available in 4X1L, 5L, 210L
